FIRST AID

If in eyes	Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present after 5 minutes, then continue rinsing. Call a poison control center or doctor immediately for treatment advice.
If on skin	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.
Have product label with you when calling a Poison Control center or doctor seeking treatment.	

* PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through skin. Causes eye irritation. Avoid contact with eyes, skin, clothing. Wash thoroughly with soap and water after handling gel.

ENVIRONMENTAL HAZARDS

Small birds may become trapped or harmed by the repellent. To reduce hazards to legally protected species and to avoid non-compliance with Federal Migratory Bird Treaty Act, follow all directions outlined on label.

STORAGE AND DISPOSAL

Store in an area inaccessible to children and pets. Do not store near food or feed. Do not store in an environment which could corrode or damage the packaging.

PESTICIDE DISPOSAL

Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL

Do not reuse container.

Bird-OFF Clear Gel

Pigeon/Bird Repellent

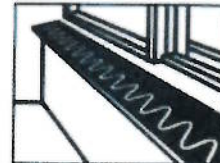

It is a violation of Federal law to use this product in a manner inconsistent with the labeling. Bird-OFF gel repels most bird species from homes, apartments, schools, offices and other buildings. The product may be applied to gutter edges, beams, railings, ledges, gutters, window sills, signs, awnings, and other places where nuisance birds may nest or congregate. Bidding surfaces to be treated should be dry and cleaned (remove droppings, dust, etc.).

Bidding surfaces to be treated should be dry and cleaned (remove droppings, dust, etc.).

APPLICATION INSTRUCTIONS

Apply in strips in a wave-like fashion in a 1/4-inch bead for small birds, 3/8-inch for medium birds and 1/2-inch for larger birds. For wider areas, more than one bead may be necessary. To remove, use scraper and then rinse the area with soap, water and a rag. Do not apply in rainy weather or over wet surfaces. Best if used within 3-4 days of fair weather after application.

1. Cut top of tube off with cutters.
2. Score nozzle on top of tube and cut nozzle 1/2 way down.
3. Load and lock tube into caulking gun.
4. Use personal protection equipment (PPE) with all applications.
